When you are ready to call us, we will ask preliminary details, such as whether the deceased has died at home, in a hospital or a nursing home, and advise on transferring them into our care. Our office team will be able to assist you with the initial required procedures, such as obtaining a Death Certificate and where to carry out registration.

Please be advised that our office hours are **9:00am – 4:30pm**. Our out-of hours line can be contacted (on our usual lines or **07787475372**) when a death occurs outside of a hospital and the coroner is not involved. We cannot move anyone into our care until the death has been verified. Transfers of care from hospitals can only occur when the hospital has authorised release and the relevant paperwork has been completed. Hospital transfers are only possible during office hours, due to the opening hours set by the hospital.
