

PRICE INFORMATION PROVIDED BY LOCAL CREMATORIUM OPERATORS

The Funerals Market Investigation Order 2021 requires Funeral Directors to display specific price information provided by crematorium operators within a 30-minute, cortege-speed driving distance from a crematorium to make it easier for customers to access up-to date information and to help increase customers' awareness of the total cost of the services they may require. Below is this information, and the branches within 30 minutes of each location. Please be advised that this does not restrict us, and we are able to use the crematorium of your choice, regardless of the distance from our premises.
